APPLICATION

I. INTRODUCTION

Public Communications Services, Inc. ("PCS" or "Transferee") and AGM Telecom Corporation ("AGM" or "Transferor") (collectively "Applicants"), hereby request authorization pursuant to Section 214 of the Communications Act of 1934, as amended, and 47 C.F.R Sections 63.03, 63.04(a) and 63.18 of the Commission's Rules, to transfer control of Transferor's blanket domestic resale authority from Transferor to Transferee. Pursuant to a Share Purchase Agreement, AGM will become a wholly-owned subsidiary of PCS. The proposed transaction will not result in a loss or impairment of service to AGM customers. This application therefore is submitted as a streamlined transfer of control pursuant to Section 63.03 and 63.18 of the Commission's rules.

II. SUMMARY OF THE PROPOSED TRANSACTION

PCS is a California-based provider of inmate operator services. PCS is registered, licensed or otherwise authorized to provide services nationwide with the exception of the following states: Alaska, Connecticut, Hawaii, Louisiana Minnesota, North Carolina, Rhode Island, West Virginia and Wyoming. The company also holds an international 214 for global resale authority, pursuant to FCC rules (ITC-214-19980903-00628).

AGM also is a provider of inmate operator services, registered, licensed or otherwise authorized to provide local services in the following states: Alabama, Arkansas, Georgia, Idaho, Iowa, Louisiana, Maine, Minnesota, Montana, New Hampshire, New Jersey, North Dakota, Ohio, Oklahoma, Oregon, Texas, Washington and Wisconsin.

Applicants have entered into a Share Purchase Agreement whereby PCS will acquire all of the shares of AGM. As a result of the transaction, AGM will become a wholly-owned subsidiary of PCS. AGM will remain a separate corporate entity however and will continue to provide its customers service under the AGM name. Applicants emphasize that the transaction will be seamless and virtually transparent to the affected customers.

The proposed transfer is subject to certain state required notifications and/or approvals. AGM will continue to provide service, under its name, to its existing inmate facility customers at the same rates, terms and conditions as they currently enjoy. The transaction will be seamless and transparent to the affected customers.

Applicants are not required to provide written customer notice as neither company provides or offers presubscribed services.

This application is entitled to streamlined treatment with respect to its authorizations under subsections 63.03(b)(1)(i-ii) and 63.12, inasmuch as neither Applicant is a facilities-based carrier or is affiliated with a foreign carrier or a dominant U.S. carrier.

e) **Certification**

PCS and AGM each certify pursuant to Sections 1.2001 through 1.2003 of the Commission's rules that no party to this Application is subject to a denial of Federal benefits, as provided in the Anti-Drug Abuse Act of 1988, 21 U.S.C. §3301.

f) **Geographic Areas Served**

PCS is registered, licensed or otherwise authorized to provide local exchange and long distance services nationwide. AGM is registered, licensed or otherwise authorized to provide local exchange services in 11 states and long distance services in 49 states.

g) **Streamlined Treatment**

Applicants submit that the proposed transaction would result in PCS's market share in the local exchange market of substantially less than ten percent. Neither applicant is dominant with respect to any service. Therefore, this Application presumptively qualifies for streamlined processing pursuant to Section 63.03(b)(2)(i) of the Commission's rules.

h) **Related FCC applications**

None.

i) **Special Consideration**

None.

j) **Waiver Requests**

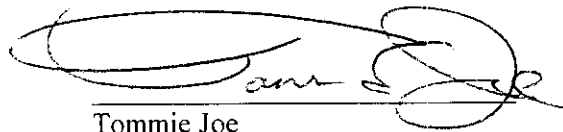

Applicants have not filed any waiver requests in conjunction with the proposed transaction.

k) **Public Interest Considerations**

The proposed transaction will serve the public interest by partnering two pioneers in the inmate services market. Furthermore, this transaction will not result in any interruption of service or inconvenience to the affected customers, and the affected customers will receive the same service rates backed by the support services of PCS, a growing and highly competitive carrier. AGM will continue to provide services to its existing customers and the transaction will be transparent to those customers.

For these reasons, the grant of this Application is consistent with the public interest.
